

## BESS project financing options in Philippines 2026

Who will finance Magat Bess Phase 2?The Bank of the Philippine Islands (BPI) and China Banking Corporation will finance the Magat BESS Phase 2, while BPI and BDO Unibank will provide financing for the 40-MW Binga BESS. About SNAP: SNAP is a renewable energy producer and developer. When will a Bess project start in the Philippines?Meanwhile, the 40-MW indicative BESS project in La Trinidad, Benguet is scheduled to complete testing and commissioning by December , but commercial operations are slated in December . The BESS projects are being developed by Universal Power Solutions Inc., formerly SMCGP Philippines Energy Storage Co. Ltd., a unit of SMC Global Power. Will BPI & Chinabank fund Magat Bess Phase 2?At a ceremonial signing on February 17, , BPI and Chinabank formalized their commitment to fund the Magat BESS Phase 2, while BPI and BDO agreed to finance the Binga BESS project. When will the Bess projects be completed?The BESS projects, expected to be completed by , will be co-located with the Magat hydroelectric power plant in Isabela and the Binga hydroelectric power plant in Benguet. When will snap's Binga Bess project start?Construction for SNAP's BESS projects is set to begin in the first half of , with commercial operations targeted for the first half of . The Bank of the Philippine Islands (BPI) and China Banking Corporation will finance the Magat BESS Phase 2, while BPI and BDO Unibank will provide financing for the 40-MW Binga BESS. About SNAP: Why is snap launching a Bess project in Benguet?"SNAP is scaling up its BESS initiatives with Magat BESS Phase 2 and the first BESS in Benguet. BESS will provide much-needed storage capacity to support the integration of renewable energy and improve grid reliability," said SNAP President and CEO Joseph Yu. The financing, provided by the Bank of the Philippine Islands (BPI), China Banking Corporation (Chinabank), and Banco de Oro Unibank, Inc. (BDO), will support the development of the 16-megawatt (MW) Magat BESS Phase 2 in Isabela and the 40-MW Binga BESS in Benguet. The financing, provided by the Bank of the Philippine Islands (BPI), China Banking Corporation (Chinabank), and Banco de Oro Unibank, Inc. (BDO), will support the development of the 16-megawatt (MW) Magat BESS Phase 2 in Isabela and the 40-MW Binga BESS in Benguet. SN Aboitiz Power Group (SNAP) acquired funding from three major banks to expand its Battery Energy Storage Systems (BESS), with the investments directed toward projects in Isabela and Benguet. "SNAP is scaling up its BESS initiatives with Magat BESS Phase 2 and the first BESS in Benguet. BESS will SN Aboitiz Power Group (SNAP) has arranged funding to expand its battery energy storage systems (BESS) in the Philippines. The company stated that the Bank of the Philippine Islands (BPI) and China Banking Corporation will fund the 16-megawatt (MW) Magat BESS Phase 2, while BPI and Banco de Oro SN Aboitiz Power Group (SNAP) has secured financing for the expansion of its Battery Energy Storage Systems (BESS) from the Bank of the Philippine Islands (BPI), China Banking Corporation (Chinabank), and Banco de Oro Unibank, Inc. (BDO). The BESS projects will be co-located with the Magat SN Aboitiz Power Group (SNAP), a joint venture between Norway firm Scatec and Aboitiz Power Corp., has secured financing from local banks for the expansion of its battery energy storage system (BESS) projects.

## BESS project financing options in Philippines 2026

The Bank of the Philippine Islands (BPI) and China Banking Corp. (Chinabank) are set to finance the second phase of its Magat Battery Energy Storage System (BESS) facility co-located at the Magat hydroelectric power plant in Ramon, Isabela on 20 February, . The 16-megawatt (MW) Magat BESS Phase 2 will be integrated with the Magat hydroelectric power plant in Isabela and the Binga hydroelectric plant in Benguet. BPI and Chinabank are set to finance the 16-megawatt (MW) Magat BESS Phase 2, while BPI and BDO will provide financing for the 40-MW Binga BESS. "We are proud to announce that SNAP's battery storage projects gain financial backing from the Bank of the Philippine Islands (BPI), China Banking Corporation (Chinabank), and Banco de Oro Unibank, Inc. (BDO), will support the development of the 16-megawatt (MW) Magat BESS Phase 2 and the 40-MW Binga BESS. The new storage facilities will be built at existing hydroelectric power plants. Magat BESS Phase 2 will be set up at the Magat hydro plant in Isabela, and Binga BESS will be located at the Binga hydro plant in Benguet. AP Press Release (02.17.25) SNAP Secures Funding for SNAP's upcoming BESS projects are expected to be completed by . The engineering, procurement, and construction (EPC) contracts for both Magat BESS Phase 2 and Binga BESS projects are expected to be completed by . The engineering, procurement, and construction (EPC) contracts for both Magat BESS Phase 2 and Binga BESS projects are expected to be completed by . The engineering, procurement, and construction (EPC) contracts for both Magat BESS Phase 2 and Binga BESS projects are expected to be completed by .

A BESS is a type of energy storage system that uses a set of batteries to store electrical energy from the grid and releases it when needed to augment supply or improve grid reliability. SNAP eyes 80 MW battery energy storage capacity. The Bank of the Philippine Islands (BPI) and China Banking Corporation will finance the Magat BESS Phase 2, while BPI and BDO Unibank will provide financing for the 40-MW Binga BESS. SNAP taps 3 banks to fund Magat, Binga BESS expansion. The BESS projects will be co-located with the Magat hydroelectric power plant in Isabela and the Binga hydroelectric plant in Benguet. BPI and Chinabank are set to finance the Magat BESS Phase 2, while BPI and BDO Unibank will provide financing for the 40-MW Binga BESS. SNAP taps 3 banks to fund Magat, Binga BESS expansion.

The BESS Brief - Part 2: BESS Financing is Entering a New Phase. Today, we are seeing non-recourse project finance for 600+ MW portfolios, mezzanine debt entering the capital stack, and public banks co-financing with private lenders. Competitive Bidding for Battery Energy Storage. The Ministry of Energy Transition and Water Transformation (PETRA), through the Energy Commission (EC), has launched an open bidding program for the acquisition of Battery Energy Storage System (BESS) capacity. Financing Battery Energy Storage Systems - Meeting Co-located by Harry Brunt, a partner in our Energy and Infrastructure team, and Dan Roberts of Frontier Economics Introduction. In this article we consider the role and application of battery energy storage systems.
