

## large scale battery storage tender price in Poland 2030

Which companies are building a battery storage facility in Poland? Polish utility PGE Group has launched a tender for the design and construction of a battery storage facility with a minimum capacity of at least 900 MWh. Meanwhile, Ukraine's DTEK has completed the acquisition of a 532 MWh battery storage project in southern Poland. Image: Sandia National Laboratories, Wikimedia Commons

From ESS News

How many GW of battery storage contracts are there in Poland? Poland has concluded its capacity market auction, awarding around 1.7GW of contracts to battery storage projects. How many MW will PGE have by ? By , the company aims to have at least 800 MW of new energy storage capacity. In January, PGE Group announced that it had obtained connection conditions for a battery storage facility with a capacity of 400 MW in Gryfino, northwestern Poland.
