

## residential ESS cost vs benefit calculation in Argentina

What are supplemental employee benefits in Argentina? Supplemental employee benefits are perks that aren't mandatory by law but make job opportunities much more inviting for job seekers. They also show hires that they are a valued part of your team, which boosts morale and can bring positive results in various areas. Here are some supplemental employee benefits to offer to your employees in Argentina: What benefits do employees get in Argentina? Employees in Argentina must receive certain benefits, including paid time off, sick leave, and parental leave. The country also has at least 15 public holidays on which all employees receive a day off. Employees have 14 days of annual vacation leave. This amount increases according to the seniority of the employee in the company. Do independent contractors get Social Security benefits in Argentina? Also, note that these benefits are mandatory for employees -- independent contractors in Argentina aren't entitled to any benefits. In Argentina, employers are required to contribute around 25% on top of an employee's salary to social security, which covers several crucial benefits: Do Argentinian employers offer statutory benefits? Every Argentinian employer is obliged to offer employees mandatory or statutory benefits for their service. These mandatory benefits refer to all those aspects of employee protection stipulated by Argentine labor law. They include: Argentinian laws stipulate that employers commit 25% of the employee's monthly salary to social security. How much do employees get paid in Argentina? All employees in Argentina are entitled to a 13-month salary, which is to be paid in two instalments (on June 30 and December 18). Each salary installment should be equal to 50% of the employee's highest monthly wage for the past six months. What are mandatory benefits in Argentina? Mandatory benefits are the ones that are required by Argentine law for all workers based in Argentina. Keep in mind that the benefits required by the government of Argentina are statutory minimums, and employers can always offer more than these mandatory benefits.
