

As part of the national budget, Chile is allocating \$1.2 billion in subsidies specifically for energy storage initiatives. Priority funding is directed toward integrated solar-plus-storage demonstration projects in the Atacama Desert, aiming to accelerate the energy transition in northern Chile. DNV expertise supports record USD 510 million financing for Chile. DNV has played a key role in providing comprehensive advisory services to Atlas Renewable Energy to secure USD 510 million in financing for the landmark Estepa hybrid solar and battery storage project. DNV supports record \$510M financing for Chile's solar-storage hybrid. As energy storage becomes increasingly critical for grid stability, DNV says it continues to support developers, financiers and offtakers navigate the technical and financial challenges. Atlas secures \$510mn in financing for Estepa hybrid solar and battery storage. Financing for the project is to come from a consortium of leading international banks, including Citigroup, Agricole, BNP Paribas, DNB, SMBC, and The Bank of Nova Scotia. DNV supports record financing for Chile's solar storage hybrid. DNV has provided advisory services to Atlas Renewable Energy to secure US\$510 million in financing for the landmark Estepa hybrid solar and battery storage project in Chile. Chile solar energy market -Opportunities, Policy, Trends As part of the national budget, Chile is allocating \$1.2 billion in subsidies specifically for energy storage initiatives. Priority funding is directed toward integrated solar storage hybrid. CVC DIF to acquire a large scale hybrid solar PV and battery storage. The project is currently under construction and is backed by a signed 15-year USD denominated, inflation-indexed hybrid power purchase agreement (PPA). This asset will be a landmark 220 MWdc solar PV and 1 GWh battery storage project. DNV supports record financing for Chile's solar-storage hybrid. This independent technical validation proved instrumental in securing competitive financing terms from a consortium of leading international banks, including Citigroup, Building Solar PV without storage in Chile is financially challenging. Solar PV in Chile is facing a twofold issue: the curtailment of generation and the reduction of income due to low prices of electricity. Best Financing Options for Solar & Battery Storage in Chile Financing allows homeowners to spread the cost of going solar over many years. What's are the best options for financing solar in Chile? DNV supports record \$510M financing for Chile's solar-storage hybrid. Independent energy expert and assurance provider DNV has been playing a key role in providing advisory services to Atlas Renewable Energy to secure \$510 million in financing for a solar-plus-storage project in Antofagasta, Chile. Zelestra Raises \$282 Million In Green Financing to Power 1 GWh Zelestra's Aurora project in Chile combines solar power and energy storage, backing a sustainable future with \$282 million in financing. DNV supports Zelestra in securing \$282 million green financing. DNV has enabled Zelestra to secure a \$282 million green financing package for Chile's Aurora project--a landmark 220 MWdc solar PV and 1 GWh battery storage hybrid. Atlas secures US\$510 million for Chile solar-plus-storage project in Antofagasta, Chile. DNV supports Zelestra in securing \$282 million green financing. Independent validation enabled financial close for one of Latin America's largest solar + 1 GWh battery storage projects, advancing Chile's energy transition. DNV has enabled. . . DNV supports Zelestra in securing \$282 million green financing. Solar plant in the desert DNV has enabled Zelestra to secure a \$282 million green financing package for Chile's Aurora project--a landmark 220 MWdc solar PV and 1

Additional information on Estepa hybrid project financing More details have emerged on the \$510 million financing for Atlas Renewable Energy's Estepa solar-plus-storage project in the Antofagasta region in northern Chile. The Zelestra Secures \$282 Million Financing for Aurora Zelestra, a renewable energy project developer, secured \$282 million in a project financing package for the Aurora project, comprising a 220 MWdc solar project and approximately 1 GWh of battery energy storage DNV supports record financing for Chile's solar-storage hybrid project DNV has provided advisory services to Atlas Renewable Energy to secure US\$510 million in financing for the landmark Estepa hybrid solar and battery storage project in Zelestra Clinches \$282m Financing for 220-MW Aurora Solar-Storage Spanish renewable-energy specialist Zelestra has reached financial close on its Aurora hybrid solar-plus-storage complex in northern Chile, locking in USD 282 million in Chile Zelestra secures US\$282 million for Aurora hybrid solar-storage project in Chile's Tarapacá region July 9, Zelestra has reached financial close on its Aurora hybrid Zelestra Clinches \$282m Financing for 220-MW Aurora Solar-Storage Spanish renewable-energy specialist Zelestra has reached financial close on its Aurora hybrid solar-plus-storage complex in northern Chile, locking in USD 282 million in DNV expertise supports record USD 510 million financing for Chile DNV has played a key role in providing comprehensive advisory services to Atlas Renewable Energy to secure USD 510 million in financing for the landmark Estepa hybrid
