

## successful bid price of commercial energy storage project in Egypt 2020

Scatec ASA has reached financial close for the "Obelisk" hybrid solar and battery storage project in Egypt. The non-recourse project financing comprises USD 479.1 million provided by the European Bank for Reconstruction and Development (EBRD), African Development Bank (AfDB), and British International. The EBRD has provided a \$30 million equity bridge loan for Egypt's first major hybrid renewable energy project in Nagaa Hammadi, combining 1.1 GW of solar power with a 100 MW/200 MWh battery storage system. Construction has started, led by Norwegian developer Scatec through Obelisk Solar Power. The Obelisk project in Egypt continues to advance, with new funding from the European Bank for Reconstruction and Development (EBRD). The European Bank for Reconstruction and Development (EBRD) has provided a US\$30 million equity bridge loan to support Egypt's first major hybrid renewable energy project in Nagaa Hammadi, Oslo/Cairo, 05 May : Scatec ASA has commenced construction of its 1.1 GW Obelisk solar and 100 MW/200 MWh battery storage project in Egypt. The energy will be sold under a USD-denominated 25-year Power Purchase Agreement (PPA) with the Egyptian Electricity Transmission Company (EETC), backed by Scatec. Scatec has reached financial close for the 'Obelisk' hybrid solar and battery storage project in Egypt. The non-recourse project financing comprises USD 479.1 million provided by the European Bank for Reconstruction and Development (EBRD), African Development Bank (AfDB), and British International. Oslo based Scatec ASA has reached financial close for the 1.1GW solar + 100MW/200MWh BESS project in Egypt. The hybrid solar and battery storage project is christened the "Obelisk", after the tall, slender, four sided tapered monument with a pyramidal top that is a key landmark of Ancient Egypt. Scatec finalizes 1.1 GW solar + 100 MW/200 MWh Scatec has reached financial close on its \$590 million "Obelisk" hybrid solar and battery project in Egypt. EBRD Backs 1 GW Solar-Plus-Storage Project in Egypt With \$30 The EBRD has provided a \$30 million equity bridge loan for Egypt's first major hybrid renewable energy project in Nagaa Hammadi, combining 1.1 GW of solar power with a 100 MW/200 MWh Egypt's 1GW / 200MWh solar-plus-storage project The European Bank for Reconstruction and Development (EBRD) has provided a US\$30 million equity bridge loan to support Egypt's first major hybrid renewable energy project, which has now officially broken ground. Scatec starts construction of large scale solar and The project will be constructed in two phases. The first phase of 561 MW solar + 100 MW/200 MWh battery storage is targeted to reach commercial operational date (COD) in the first half of and the second Scatec Locks In \$479M Financing for Egypt's 1.1 GW Solar + 100 Scatec ASA has reached financial close for the "Obelisk" hybrid solar and battery storage project in Egypt. The 1.1 GW solar plus 100 MW/200 MWh battery energy Egypt: Scatec reaches financial close for the 1.1GW solarScatec has reached financial close for the 'Obelisk' hybrid solar and battery storage project in Egypt. The project will be constructed in two phases. The first phase of 561 Norwegian Player Closes the Financing for 1,000MW Hybrid Oslo based Scatec ASA has reached financial close for the 1.1GW solar + 100MW/200MWh BESS project in Egypt. The hybrid solar and battery storage project is Scatec reached financial close for Obelisk PV & BESS project in Norway-headquartered Scatec ASA has reached financial close for the

Obelisk hybrid solar and battery storage project in Egypt. It has secured \$479.1 million in funding from Scatec Commences Construction of 1.1GW Obelisk Solar PV and Scatec ASA has officially commenced construction on its 1.1 GW Obelisk Solar PV and BESS project in Egypt. The BESS will have a capacity of 100 MW/200 MWh . The Egypt Expands Renewable Energy with Solar and Storage ProjectsEgypt Aluminium is the largest industrial electricity consumer in Egypt. The solar and storage project will help the company reduce its carbon emissions and meet the European Egypt's renewable energy production to rise to 12 GW in Renewable energy projects under way in Egypt will lift its production to nearly 12 gigawatts (GW) in and output is expected to surge in the following years, the country's Scatec and Amea Power to Build Landmark Solar +Energy Storage Projects The project aims to build a 1 GW solar and 100 MW/200 MWh storage hybrid project in Egypt. Scatec's CEO, Terje Pilskog, stated, "This will be Egypt's first hybrid solar and Trina Solar Partners with AMEA Power to Land Large-Scale Energy Storage The project will provide 300MWh of the cutting-edge Elementa2 platform (5MWh) for the Abdos energy storage project in Aswan, Egypt. This project is currently the 'Mind-blowing' bids in Power China's 16GWh BESS tenderA BESS project in Zhangjiakou that Power China worked on. Image: China Power Construction Group. State-owned EPC firm China Power Construction Group (Power Egypt: AMEA Power commissions country's first large-scale BESS The 300MWh BESS at AMEA Power'S Abydos project in Aswan Governate, Egypt. Image: AMEA Power. AMEA Power has completed commissioning of the first large Scatec starts construction of large scale solar and battery storage 100 MW/200 MWh battery storage is targeted to reach commercial operational date (COD) in the first half of and the second phase of 564 MW solar in the second half of
