

## successful bid price of portable ESS system project in Italy 2025

Is Bess a good investment in northern Italy? While Northern Italy currently has the largest installed BESS capacity in the country, a build-out of RES in the South is increasing energy price volatility, creating a more compelling investment case for BESS in this region. What is the business case for Bess in Italy? Revenue Streams for BESS: The business case for BESS in Italy is underpinned by four main revenue streams: wholesale trading, the Ancillary Services Market (MSD), the Capacity Market (MC), and the new energy storage subsidy scheme (MACSE). When will PHES & Bess be auctioned in ? Announced October 11, , the auction brings 15-year contracts for BESS and 30-year contracts for PHES to the table. The EU is backing this transformation with an impressive EUR17.7 billion package, targeting that 50GWh storage goal by . How will MACSE tender targets affect Bess investors? MACSE tender targets will adapt to the zonal need for storage, but market inefficiencies in predicting fundamental value drivers (e.g., RES buildout, lack of flexibility, interconnection constraints) will likely create locational merchant upside for BESS investors. CASHFLOWS Revenue stack MACSE-selected project Considering a 7% IRR as a target and based on a series of different costs for the energy component (in EUR/kWh), the 8-hour system maintains dominance in terms of competitive bid Update on Italian BESS investment case & MACSE is set to see the start of a surge in Italian storage asset investment, led by BESS. The catalyst for this is the implementation of the new MACSE policy support mechanism, offering 15 year indexed contracts on up to MACSE auction: A game changer for Italy's energy From ESS News is set to see rapid growth in investment in the Italian energy storage sector, led by battery energy storage systems (BESS), with the implementation of MACSE. Italy's MACSE auction will reshape the Italian storage market The stakes are high - it's about accelerating Italy's renewable energy transition and opening major doors for developers in the electricity market. Announced October 11, , Innovative energy storage auction and renewables-friendly policy London-based investor Bluefield says Italy's cautious, 'stop-start' approach to clean energy and energy storage procurement is less catastrophic than Spain's boom-bust How Italy is Driving BESS Investment While Northern Italy currently has the largest installed BESS capacity in the country, a build-out of RES in the South is increasing energy price volatility, creating a more compelling investment case for BESS in this region. Latest Ongoing Grid-scale/Utility Scale Energy Storage System Search all the ongoing (work-in-progress) GUSESS projects, bids, RFPs, ICBs, tenders, government contracts, and awards in Italy with our comprehensive online database. Italy's 1st MACSE auction: green light for BESS investors Key steps are as follows: The first MACSE auction will take place on the 30 th September , targeting as first capacity delivery year. MACSE participation request Italian Capacity Market Auction: MACSE's impact & the On 26 th February , Terna held Italy's Capacity Market (CM) auction for the delivery year, assigning 38 GW of derated capacity (CDP) in 1-year contracts and almost Italy: BESS wins nearly 600MW in capacity market BESS technology has won the bulk of new resource contracts in the capacity market (CM) auction for delivery in in Italy aly to hold first energy storage capacity auctions in The energy minister of Italy has signed a decree paving the way for an energy storage capacity
