# turnkey on grid solar storage EPC contract price in Guernsey

Will EPC contracts provide for the handover of a solar facility?EPC Contracts will not provide for the handover of the solar facility to the Project Company, and the PPA will not become effective until all commissioning and reliability trialling has been successfully completed. Should you choose an EPC contract for a solar project?Given the significant monetary value of EPC Contracts, and the potential adverse consequences if problems occur during construction, the lowest price should not be the only factor used when selecting a Contractor. As noted earlier, an EPC Contract is one of a suite of agreements necessary to develop a solar project. What is an EPC contract?An EPC Contract delivers these requirements in a single integrated package, which is one of the major reasons why EPC Contracts are the most common form of construction contract used in project-financed utility-scale solar projects. The key clauses in any construction contract are those that impact on time, cost and quality. What is an EPC &  why do I need one?An EPC plays a critical role in the design and construction of new battery energy storage projects. We're keen to keep an up-to-date and free-to-access list for all market participants. Contact: web enquiries webenquiries@anesco .uk What happens if the EPC contract is uncertain?Any uncertainty in the EPC Contract may unfortunately see the Contractor liaising directly with these third parties and possibly risking the relationship of the Project Company with key influencers, customers and long-term neighbours. What is an EPC project?EPC projects that are also known as 'turnkey' and as the contractor assumes responsibility for engineering services, procurement of materials, hiring of teams and materials, and execution of the work, among other tasks, to deliver the project ready to be operated by the client by a given deadline and with a number of guarantees. EPC contracts in the solar sector The Project Company needs only to turn a key to start operating the facility, hence EPC Contracts are sometimes called 'turnkey' construction contracts. The Contractor must deliver the  Turnkey Solar Solutions | Optimize Your Savings -- SunbirdAt Sunbird, we offer a comprehensive turnkey project management, procurement and construction (EPC) service for solar PV systems, with a strong focus on quality and longevity. Community Solar | Guernsey ElectricityWe believe that everyone in Guernsey should be able to use and benefit from renewable electricity. Guernsey Electricity has installed some of the largest solar arrays in the Channel Islands which feed more than 600kWp  Renew GuernseyDuring the day, solar powers your home first, with any surplus exported to the grid under Guernsey Electricity's excellent Buy Back tariff. Add a battery to store excess energy for use  Viking Solar Group - Engineering, Procurement, and Viking Solar Group provides design, supply, installation, testing &  commissioning, and maintenance.
